Winter Solstice Festival, Monday, December 18

You are all cordially invited to take part in our annual Humanist celebration of the Winter Solstice in the Social Hall at 700 Hartford Turnpike in Hamden on Monday, December 18. At 7:30 p.m. we'll start off appropriately with seasonal pot-luck refreshments, continuing through the evening, so bring something to share.

After a brief business meeting to elect officers for the year 2007 CE, we'll begin our traditional welcome of winter by reading Lois Woodrow's poem, "Ode to the Tilt." Folk music will be provided by the Wild Notes ensemble. There will be singing, dancing, prancing, merry-making, and possibly even a bit of frolicking!

Another high point for many will be the silent auction, where anyone can bid on objects of every description brought by those present (that's you!) and, with a bit of luck, take some home. This is held teacup-style, where participants purchase tickets to be placed in "teacups" to be drawn from at the end of the night. It's all great fun, so come and bring a friend to 700 Hartford Turnpike on Monday, December 18 at 7:30 p.m!

Book Group: Inheriting the Holy Land

Join us on Sunday, December 10, from 3:30 p.m. until 5:30 p.m. at 700 Hartford Turnpike in Hamden to discuss "Inheriting the Holy Land: An American's Search for Hope in the Middle East" by Jennifer Miller. Copies are available in Connecticut public libraries as well as in book stores and online.

Jennifer Miller will be coming to talk at USNH Sunday afternoon, January 21, at 3:00 p.m., in a program jointly organized by HAC and the USNH Adult Programs Committee.

Conversations: Scientism

Join us for Humanist Conversations on December 9 at 2:30 p.m. in the library at 700 Hartford Turnpike in Hamden when we will hear and discuss a presentation on the concept of "scientism" and the closely connected one of "reductionism" in science. These important terms may be used with positive, neutral, or negative connotations (emotional overtones), but today are most frequently encountered in anti-science contexts. David Schafer will run through a review of the history of both these terms, and lead a discussion pro and con of their implications and usefulness, if any. You are warmly welcomed to attend and join in the discussion.
